

# HUDSON VALLEY COMMUNITY COLLEGE NURSING INFORMATION

Thank you for your interest in Hudson Valley Community College's (HVCC) nursing program!

## Program Options

HVCC's nursing program offers several options:

The OneYearAdvanced Option (NUA) is an accelerated ~~year~~ Nursing option which allows students, who possess substantial college coursework, the ability to complete the Associate of Applied Science program in one year. Students begin the program in the summer (May) and complete their studies following May.

\*Please note, the following courses need to be completed prior to enrollment for consideration into this program: English Composition I

# Registering and Taking the HESI

Use the following instructions to create a ProctorU and Evolve account in order to register and take the HESI

## CREATE A PROCTORU ACCOUNT

If you DO NOT already have a ProctorU account

go to <https://go.proctoru.com/students/users/new?institution=2124> to sign up with an Elsevier HESI enrollment.

If you DO have a ProctorU account through your institution

# Best Practices for HESI Exams

ATTENTION: PLEASE REVIEW THE UPDATED HESI PROCTORU EXAM RULES  
Effective Date:

- x Clearly communicate with other health care providers by appropriately documenting the nursing interventions provided and the clients' responses. Provide effective client teaching, consult with other health care providers in a professional manner.
- x Ability to meet the physical demands of providing nursing care, lifting, moving, carrying, pushing and supporting clients, equipment and other objects independently. Standing, bending, walking and sitting while working directly with clients and coworkers and documenting care. In addition to the physical capabilities required during the classroom and laboratory sessions, clinical education includes moving briskly between patient care areas, and meeting the mental and physical demands of 12 shifts or both day and night rotations.
- x Tactile dexterity sufficient for physical assessment. Perform palpation, functions of physical examination and/or those related to therapeutic intervention, e.g. insertions of a catheter, giving injections.
- x Gross and fine motor abilities sufficient to provide safe and effective nursing care. Perform vital signs, CPR, physical assessment, use equipment, hanging IVs and tube feedings, drawing up and giving injections. Demonstrate the ability to document nursing interventions and patient care.

If you have a documented disability and require reasonable accommodations to meet the technical standards, please contact the Center for Access and Assistive Technology.
